State Tops Trees To Height Sought By The Civic Clubs

The State Road Department is proceeding with its work of topping trees alongside canals in the Everglades. The work is being done by Thomas Handley of Pahokee under an equipment rental work agreement with the State Road Department.

The trees are being topped to a 15 ft. height in accordance with an agreement reached by citizens and the State Road Department after an injunction suit was brought in West Palm Beach.

Months ago civic clubs in the Everglades asked the State Road Department to top the trees to a 12-14 ft. height. It was this impression that everyone was under until the contract was let and the saws started whizzing and the trees were "topped" down to three feet.

After the court hearing stopped the 3-ft. "topping" the State Road Department issued new orders and the trees are now being topped to 15 feet which meets approval of a majority of people in the Glades. It is even a foot higher than originally asked for by the clubs.

LADIES NIGHT PROGRAM CHAIRMAN IS NAMED

President Frank Shaughnessy of the Rotary club in Pahokee yesterday named Rotarian Jack Spencer as chairman of the Ladies Night Committee. Mr. Spencer is to select other members of the committee. He will announce a definite date at next week's meeting for the annual affair.

Victor L. Geiger, proprietor of Geiger Lumber Company, this week announces his candidacy for Mayor of Pahokee, subject to the annual election to be held on Tuesday, May 2, 1950.

Mr. Geiger is a former member of the Pahokee city council, having served three two-year terms. He is a life member of the Elks Lodge and a member of the Masonic Lodge. He also is a past president of the Pahokee Rotary Club.

No Parking Meters Wanted, Report Says

Citizens of Pahokee don't want parking meters, according to a report by a Rotary committee yesterday after a thorough survey made by a three-man committee. The group was appointed recently by the president of the Rotary Club and were to report their findings back to the club.

The report was made yesterday by Jack Spencer who spoke for the other two members of the committee—Joe Kahn and John Bolton. Mr. Spencer in his report said that citizens were emphatically against installing parking meters.

Between acts Charles Holmes and Melvin Tillis, as Hot lips and Jasper, will entertain with a blackface skit. Music will be furnished by Robert O. Lampi and a special orchestra.

The comedy, which was also presented Thursday night, is under the direction of Mrs. Herbert Miller. Included in the cast are Janie Hamilton, Dale Maxwell, Joan Rosenberg, Willard McCurdy, Sidney Caruthers, Patsy Maxson, Richard Tillis, Anna Lee Hurt, Myra Lee Cruthirds and Frank Rosenberg.

TRUCK TURNS OVER

Sam Stewart of Canal Point, formerly of Miami, was seriously injured when the dump truck he was driving turned over on the highway near Indiantown Tuesday evening during a heavy rain storm. He was taken to the Everglades Memorial Hospital for treatment.

New Kind Political Announcement

Will wonders ever cease?

The political editor of this newspaper has read all and sundry kinds of political announcements but, last week we came across a new kind. Completely new!

It was written by the editor of The Moore Haven Democrat. It has to do with the Democrat editor's announcement as a candidate for school board in his home county of Glades. So unusual is it that we think it should be reprinted, so here it is:

"When Mrs. Gorman, the member of my district for many years continued to refuse to again be a candidate and as the qualifying time drew to a close with not one evidencing any interest in the job, I decided to be magnanimous and offer myself as a candidate. It is to be hoped that my candidacy may spur others to try for the position so that voters will have a chance to express their choice."

There you are, gentle reader, have you ever in all your life read such an announcement? And, the peculiar thing about the whole affair is that the Democrat editor is a student in his statement. For nearly two decades we've known the writer of that history-making political announcement and we know he meant every word of what he said.

Tennis Courts Are Ready For Players

Tennis players of Pahokee now have two splendid tennis courts at their disposal since the Lions Club finished them at the City Park just to the rear of the swimming pool.

The courts are regulation tournament size and built of concrete. Backstops are of chain link fence. The nets have been purchased and are ready for play.

Rupert Mock of the Lions Club said yesterday that the City should come in for its fair share of credit in that the council donated \$1150 toward construction of the courts. Many other folks in the community donated and the Club is anxious that every person who helped in any way be thanked.

No special ceremony will be staged for opening of the courts, it was pointed out by Lions officials. The courts are open and ready for play.

Entire cost—without donated labor—would have been in the neighborhood of \$7,000.00.

Band To Participate In District Contest

The Pahokee High School Band, under the direction of Bandmaster Robert O. Lampi, is making preparations to take part in the District Band Contest which will be held in West Palm Beach Friday afternoon, Mar. 31, and in the Band Marching Contest to be held in Lake Worth on the same date at night.

Poppy Day Sales To Be Held Saturday

Poppy Day is scheduled for tomorrow—March 25—in Canal Point, according to members of the American Legion Auxiliary who will be in charge of Poppy sales. All the money realized from the sales is returned to the crippled veterans and none is kept by the local auxiliary. It was pointed out. A window display has been put in the Carter-Geiger Drug Store in Canal Point by Mrs. Dee Maxson and Mrs. Cleitis Hand.

Poppy making is in full swing in veterans' hospitals throughout the country as the time for wearing of poppies in memory of the war dead approaches. Thousands of disabled veteran are being given employment by the Auxiliary in the work, and are having the encouraging experience of earning money again. It is estimated that 35 million of the little red crepe paper flowers will be needed to meet the demand on Poppy Day.

Santo Sells Paper In Pahokee To John Sutterfield Of Ky.

John H. Sutterfield of Lexington, Ky., has purchased the Pahokee News and print shop from A. C. Santo. Mr. Sutterfield is a graduate of the University of Kentucky, class of 1944 and before coming here was associated with the International News Service as Central Kentucky representative. He and his bride will make their home in Pahokee.

Mr. Santo revived the Pahokee News in 1946 and during his stay here was active in civic affairs and was recently named a deacon at the Pahokee First Baptist Church where he has served as Sunday school superintendent for the past year. He plans to move to Orlando.

Drew Will Continue With South Bay Coop

President J. D. Lawrence announced the appointment of George F. Drew as manager of the Ocala-Santa Fe Sugar Refinery, which was acquired by the bank through foreclosure at a sale conducted by Special Master Jack Johnson recently.

"It is the policy of the bank," said Lawrence, "to improve and operate this property with the objective of recovering the amount of its loans and incidental expenses. The bank will operate the property as a going concern for an indefinite period of time."

Drew is widely known in South Florida as he was with the Federal Land Bank, before his association with the Bank for Cooperatives. During the past season, Drew has operated the Plantation under George Prince, Court Receiver.

Mr. and Mrs. H. E. Cordell and son, Buddy, of Sanford, accompanied by A. C. Lossing of San Angelo, Texas, were guests of Mr. and Mrs. Homer J. Clause Sunday. Mr. Lossing, who is Mrs. Clause's uncle, remained for a two weeks' visit.

\$100 Fine Or 6 Mo. In Jail If You Pass Halted School Bus

Gotta hundred dollars that's not working this morning? Wanna drop it in the fine and forfeiture fund of the county? That's what will happen the next time you pass a school bus when it is loading or unloading children.

School bus drivers have been sorta lenient this school term and haven't turned in many folks for whizzing by their busses while the youngsters were getting on and off. Starting today it'll be different. Plenty different!

When you pass a school bus—if it is stopped loading or unloading—your tag number will be taken by the driver and turned over to the sheriff's department. From there on out it will be your little red wagon. The price is \$100 fine or six months in jail. You can have your choice.

Too many cars have been whizzing past the stopped school busses, so say authorities, and something is going to be done about it. Motorists have been taking advantage of the leniency shown in the past. Here on it's going to be different.

So, Mr. and Mrs. Motorist, be careful. That is, unless you have an extra \$100 that you don't need.

LEGION WILL SPONSOR DANCE ON APRIL FIRST

The Pahokee Post of the American Legion will sponsor a dance on Saturday night, April 1, at the Elks Club, according to announcement yesterday. An outstanding orchestra is to be engaged for the dance and door prizes will be given to those in attendance.

Seed Corn Reaches Israel In 3 Days

About three weeks ago the Canal Point Baptist Church sent its former pastor, Rev. A. Elmo Scoggin, a half bushel of seed corn by air express to Jerusalem, Israel. He had requested it soon after his arrival over there as a missionary.

A letter from Rev. Scoggin this week tells of arrival of the corn in excellent condition on the third day after it left the USA. His letter tells of the planting of the corn by a group of residents under his direction. He was profuse in his thanks to those who sent the corn.

Family Reunion For All Maloy Children

Mr. and Mrs. L. I. Maloy will have their children and families as guests at a family reunion at their home this weekend, including Mr. and Mrs. M. M. Stowers and son, Lloyd, of Washington, D. News Notes From State Capital

TALLAHASSEE—A report from State Auditor Bryan Willis showing money shortages and general mismanagement at Florida A. and M. College for Negroes has been studied by a Leon county grand jury, the third to meet since a legislative charge led to the resignation of President W. M. Gray, Jr. last year. A \$15,540 shortage in the extension fund, \$64,642 operating deficit in the cafeteria, and unaccounted for money received for sale of scrap and war surplus material. Credits improperly given, or awarded without study are included in the general list of deficiencies charged to the school. Noticeable improvement was reported by the state auditor since Gray's resignation in July, 1949. Two previous juries have received this same information but have taken no action.

TALLAHASSEE—Whether 2½ per cent of the \$15,000,000 annual

cigarette tax should be split between Lewis M. Schott's state beverage department and the Comptroller's office, or turned into the general fund, is being disputed by top bracket state officials. Comptroller C. M. Gay contends all this money should come into the general fund and that collection expense should be borne by each department from its appropriation. Director Schott wants half of the 2½ per administrative fee for his office. The law doesn't say who shall get it.

TALLAHASSEE—Jerry W. Carter, veteran railroad and utilities commissioner, has qualified for reelection, and started a statewide campaign. This will be the fifth time he has run for this office, which regulates railroad, bus and truck lines, telephone and telegraph companies. He has been in this office since 1935, before that was state hotel commissioner un-

der three governors. He also holds the position of Democratic national committeeman for Florida, and has been an active figure in Florida Democratic circles since 1907. He and his wife have reared seven sons in Florida.

TALLAHASSEE—A new football stadium for Florida State University and a larger one for the University of Florida were announced here this week. President Doak S. Campbell announced that a local group headed by Rainey Cawthon has bought \$50,000 worth of reserved 5-year seats in a proposed 15,000-seat steel stadium, and on the strength of this showing, the university has been assured of an additional \$200,000 from the sale of revenue certificates. Bids have been called for the building, to be completed for next season's play. Bids also are being asked on the sale of \$500,000 in self liquidating bonds for the addition of 13,000 more seats for the University of Florida stadium. All such bonds will be paid back out of surplus gate receipts.

TALLAHASSEE—Attorney General Richard W. Ervin this week gave his opinion on the following subjects:

LABOR—Compulsory arbitration of labor disputes in Florida will not apply to companies which do not render an essential service such as electric power or communication.

LIQUOR—Constables have authority to enforce liquor laws, just like beverage inspectors.

POOL—Persons under 21 cannot legally visit or play in a pool room.

BARBERING—Beauticians may legally cut men's hair and shave their necks, there being no sex limitation on the customers of beauty shops.

COUNTY—Member of county commission cannot act as salesman for concern selling supplies to the county.

ELECTION—There must be at least five election precincts in each county.

CONSTABLE—Constable is not entitled to mileage fees for attending court in his county, even though he lives 50 miles from the courthouse.

TALLAHASSEE—A new hotel of 132 rooms costing \$1,056,000 is assured for the capital city, on property once owned by the Duval family. Chauncey W. Butler, former FHA head for Florida, is president of Mangum-Butler Construction Company of Miami which owns the property and will erect the 7-story building. City commissioners approved a change in zoning, which previously limited such structures in that section to four stories.

TALLAHASSEE—Action to induce the interstate commerce commission to soften its rule preventing truck shipments of frozen citrus concentrate will be taken this week by the Florida Railroad and Public Utilities Commission. Chairman Wilbur C. King said the commission will send two of its top flight experts to a hearing in Washington called for further consideration of the concentrate rule. Under its provisions, effective last week, trucks cannot haul the growing concentrate crop to any facility on a rail siding and having capacity for handling 36,000 pounds or more. The effect, according to citrus spokesmen, will be to limit movement of concentrate to railroad cars, which cannot be kept cold enough with ice to preserve the concentrate.

Birthday Party

Mrs. Gordon Schuetler entertained Wednesday afternoon with a party for her daughter, Jeannie, who was celebrating her sixth birthday anniversary.

Games were enjoyed and balloons were presented to the guests as party favors. Mrs. Charles Brown assisted the hostess with the serving of refreshments of ice cream and cake.

BPW Club Meets At Ammons Home

At a program meeting of the Everglades Business and Professional Woman's Club held Tuesday night at the home of Mrs. Wade Ammons in Canal Point, Mrs. Oleen Strayhorn presented a group of her tenth grade students at Pahokee High School in an open

forum on "The Equal Rights Bill." Students taking part in the discussion were Dickie Atkins, chairman, Patsy Elliott, Carney Wilder, Charles McCurdy, Gloria Stuart and Ada Tillman. Also on the program Miss Tillman sang two vocal solos, accompanied at the piano by Miss Stuart.

Mrs. Anderson Chastain, co-hostess, assisted Mrs. Ammons with the serving of refreshments.

**Accidents
never happen
to you !**

If you've ever climbed into your car after a few drinks too many, you may remember seeing something like the blurred

view above. But you can hold it, and you're a good driver. Besides, accidents *never* happen to you.

Or do they?

Like you, this motorist was a good driver—but he had a few too many. If he'd let someone else drive him home, he might

be there now instead of on his way to the hospital. Remember, one out of every six fatal traffic accidents involves a drinking driver.

Any time is a good time to have your car checked for unsafe conditions. The sooner the better. Have minor faults fixed immediately, and be sure your car is safe for the bad weather ahead.

Rain, fog and sleet reduce visibility and increase skidding accidents enormously. Drive slower during bad weather, and keep your windshield wipers and lights in good working order.

Passing on hills is a fast way to get to heaven. The seconds you save aren't worth the risk you take. Your first accident may be your last. Be careful—the life you save may be your own.

Red Cross Drive Lagging In County

The Palm Beach County Red Cross, now conducting its annual drive for funds is still \$43,000 short of its goal entering the final two weeks of the fund campaign, it was reported this week.

P. P. deMoya, county fund chairman, said contributions from across the county totaled \$48,461 at this week's accounting. The chapter has a \$91,325 fund goal for the campaign.

Palm Beach, with contributions of \$27,856, is leading in the amount collected during the drive, deMoya said. The resort city, with Russell P. Kelley as chairman, has a fund goal of \$45,750.

Fred O. Dickinson, Jr., West Palm Beach chairman, Saturday reported contributions of \$8,550 against a quota of \$24,500. The drive in West Palm Beach, the county chairman said, is about \$4,000 behind the campaign a year ago.

Lake Worth, under the chairmanship of Mrs. Marjorie Collins, is approaching its goal of \$7,000 with a total of \$3,150 collected. Pahokee, with a goal of \$1,500 is only \$250 short of its quota, according to the Rev. Ralph Todd, Pahokee chairman.

Over the half-way mark in its drive, is Riviera Beach, where Chairman Robert W. Underhill, has reported \$675 against a \$1,000 quota.

Delray Beach volunteers, deMoya said, reported 50 percent of their quota reached Saturday with col-

lections of \$1,500.

Elsewhere in the county the campaign report showed: Belle Glade, quota, \$2,000 — reported \$375; Boynton Beach, quota \$1,000 — reported \$450; Lake Park, quota \$350 — reported \$140; South Bay-Lake Harbor, quota \$500 — reported \$206.

CHURCH OF CHRIST, SCIENTIST

"REALITY" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, March 26.

The Golden Text is: "Since the beginning of the world men have not heard, nor perceived by the ear, neither hath the eye seen, O God, beside thee, what he hath prepared for him that waiteth for him," (Isa. 64:4).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "What man is he that desireth life, and loveth many days, that he may see good? Keep thy tongue from evil, and thy lips from speaking guile. Depart from evil, and do good; seek peace, and pursue it," (Ps. 34:12-14).

The Lesson-Sermon also includes

the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Our proportionate admission of the claims of good or of evil determine the harmony of our existence,—our health, our longevity, and our Christianity. . . . There is but one way—namely, God and His idea—which leads to spiritual being" (167:7 (24-26)).

Cinematic Chatter

By Malcolm Miller

A blisteringly-paced thriller is due to sweep across the Prince Theatre screen, Sunday-Monday, when "Captain China" comes to town for the weekend two-day run.

This action-packed production has about everything the most discriminating moviegoer could ask, from a brilliant cast of six stars, including John Payne, Gail Russell, Jeffrey Lynn, Lon Chaney, Edgar Bergen, (without McCarthy), and Michael O'Shea, to a story that fairly bristles with excitement.

Payne proves himself an excellent choice for the title role of the rugged, two-fisted skipper who, having lost his stripes for allegedly faulty seamanship, fights bitterly to regain his command and the respect of the girl he loves. Gail Russell gives a convincing performance, while Jeffrey Lynn is admirably cast as Captain Brendenson, who assumes Paynes command.

Two scenes stand out in this production: One a spectacular typhoon sequence and a vicious fight between Payne and Chaney. You'll Enjoy it!

See you at the movies—Mal.

What value would you put on your telephone if you were to name your own price? What value would you place on those errands your telephone runs, all over town, in good weather and bad? What is it worth to chat with friends and relatives whenever you please . . . or to make a date for bridge or golf?

What value would you put on that hurry-up call to the family doctor . . . or on those important business calls you sometimes receive at home? What's the price tag on a familiar voice wishing you a heart-warming "Happy Birthday."

Probably you'd find it almost impossible to estimate the full value of constant dependable telephone service. When you think how much it does for you compared to what you pay, telephone service stands out as one of today's real bargains.

First Flood Meet Be Commemorated

Okeechobee will be the scene of an all-day program Saturday, April 15, featuring dedication of a tablet with a plaque commemorating the first flood control meeting held in October, 1946, and the first annual Governor's Day celebration. Highlights of the huge program will include a grand parade headed by the Okeechobee high school band, followed by cowboys, floats, organizations, visiting dignitaries, etc.

There will be an air show, exhibits, negro spiritual singing, and a big fish fry on the courthouse lawn. The afternoon program will be composed largely of an outstanding rodeo at the permanent Okeechobee Rodeo Arena.

Governor Fuller Warren is scheduled to speak during the morning program, as are other state and national officials.

The Saturday program will be concluded with a street dance, starting at 8 p. m.

It is proposed to make the Governor's Day an annual event by inviting the governor each year to hear his friends tell of the constructive things he has accomplished. This will be the opposite of the usual Gridiron or Press affair where public officials are lampooned. Governor Warren wired: "Will be happy to attend celebration you all are planning on April 15 and will look forward to seeing all our friends then."

All the governor's staff, all state officials, mayors, business, church,

labor and civic leaders, as well as all county officials will be invited. A personal invitation will be sent each of these from people in this community.

A yacht parade is planned for Sunday, when the governor will leave Okeechobee by boat through Taylor Creek to Lake Okeechobee and out to the Atlantic Ocean through the St. Lucie canal.

Song Festival Is Scheduled March 31

Girl Scouts of the West District will hold a Song Festival in the Pahokee City Park Friday evening, Mar. 31, with Pahokee Girl Scouts acting as hostesses.

The festival will get under way at 5 p. m. and there will be a "nosebag" supper for the scouts and their leaders immediately following. Group singing will be enjoyed and two skits will be presented by scouts from each of the towns in the district, including Belle Glade, Clewiston, Pahokee and Canal Point. Parents and friends, as well as all scouts and their leaders, are invited to attend the program.

Last year the festival was held on the levee at the Pahokee waterfront and was enjoyed to such an extent by scouts and visitors alike that it is being sponsored again this year by West District officials.

Mr. and Mrs. Jess M. Elliott had as guests Sunday her brother and sister-in-law, Mr. and Mrs. L. S. Wheeler and children; also her sister, Mrs. E. L. Chapman, all of Lakeland. Mrs. Chapman remained for a week's visit.

Lair spoke on the growth of local WSCS missionary work, stating that the Pahokee WSCS during the past year had the most outstanding record in this field among the 52 units within the district. Three-Way Battle For RRC Position

TALLAHASSEE—Both contests for the State Railroad and Public Utilities Commission in the May primaries developed into three-way battles with last minute qualifications last Saturday, the last day for qualifications.

Ancil Boyette, of Marianna, qualified to oppose veteran incumbent Jerry W. Carter and J. F. Torrible, of Jacksonville, in Group 2. Clifford D. Scaif, of New Smyrna, qualified as a Republican candidate for the position and will oppose the Democratic nominee in the November general election.

In Group 1, incumbent Wilbur C. King is opposed by Grady Albright, of Tampa, and N. D. Wainwright, of Starke.

The only other statewide race to be settled in the primaries is that between Senator Claude Pepper and Rep. George Smathers for Pepper's seat in the U. S. Senate.

Three members of the Supreme Court, Justice Elwyn Thomas, T. Frank Hobson and B. K. Roberts, are unopposed. Roberts is seeking election for the unexpired term of resigned Justice Paul Barnes. Thomas and Hobson are unopposed for the full six-year terms.

Leland Shirley, student at the University of Florida, Gainesville, is now a member of the University Glee Club.
